

Perfect Nails ViViGel Coloured Gel SDS
Page 1 of 6 Issued May 2013

Section 1 - Identification of the Material and Supplier

Chemical nature: Acrylic oligomer mixture
Trade Name : Perfect Nails ViViGel Coloured Gel
Product Use: Nail coating
Creation Date : May 2013
Supplier : Beautyworld Pty Ltd
Unit 2 ,33-35 Lundberg Dr, Murwillumbah NSW 2484, Australia
Phone : 1300 739893 (Int + 61 2 56022999)
Fax : 02 66725265 (Int + 61 2 66725265)
Web : www.beautyworld.com.au

Section 2 - Hazards Identification

Hazardous according to criteria of Safe Work Australia
Not dangerous according to the Australia Dangerous Goods Code (ADG7)

Risk Phrases:

R: 36/37/38 Irritating to eyes, respiratory system and skin.
R: 43 May cause sensitisation by skin contact.

Safety Phrases:

S: 3 Keep in a cool place
S: 7 Keep container tightly closed.
S: 9 Keep container in a well ventilated place.
S: 20 When using do not eat or drink.
S: 29 Do not empty in drains
S: 37/39 Wear suitable protective gloves and eye/face protection.

SUSMP: Not regulated
ADG Classification : Not regulated
Marine Pollutant : No

Section 3—Composition/Information on Ingredients

Ingredients:	CAS	Percentage
Urethane methacrylate oligomer blend	None assigned	60 - 100%
Photoinitiator Blend	None assigned	3 - 7%
Pigment	None assigned	1 - 10%
Silica	[67762-90-7]	0.5 - 1.5%

Section 4 - First Aid Measures

General Information:

You should call the Poisons Information centre if you feel that you have been poisoned by this product.
Phone 13 1126 from anywhere in Australia 24 hours a day, 7 days a week. If possible have a copy of this SDS when you call.

Page 2 of 6 Issued May 2013

Section 4 - First Aid Measures (Cont)

Swallowed: Do not induce vomiting. Rinse mouth with water. Drink plenty of water or milk IMMEDIATELY. Continue to give water or milk if patient is vomiting. Estimate amount and time of ingestion and seek immediate medical assistance.

Skin: Remove contaminated clothing and wash skin thoroughly with soap and water. If redness or irritation persists seek medical assistance.

Eyes: Hold eyes open, flood with water for at least 15 minutes and seek medical advice.

Inhaled: Remove from exposure, rest and keep warm.

First Aid facilities:

Recommended: Eye wash. Hand wash basin.

Advice to Doctor:

Irritating to skin and eyes. May cause sensitisation by skin contact. Contact Poisons Information Centre.

Aggravated medical conditions:

Pre-existing skin disorders, pre-sensitisation to acrylates.

Section 5 - Fire Fighting Measures

HAZCHEM Code: None assigned

Evacuate: Yes.

Extinguishant: Foam. Carbon dioxide, dry chemical

Risk of violent reaction or explosion: Yes. Heat may induce polymerisation with rapid release of energy. Closed containers may rupture explosively.

Products of combustion: Oxides of carbon.

Protective Equipment: Breathing apparatus and protective gloves for fire only.

Section 6 - Accidental Release Measures

Emergency Procedures:

Evacuate any unnecessary personnel.

Shut off all sources of ignition.

Increase ventilation.

Contain.

Use only non-sparking tools.

Prevent spillages from entering drains, natural waters or the environment.

For small spills:

Absorb on inert absorbent, transfer to suitable closed container and arrange removal by disposals company. Wash site of spillage thoroughly with water and detergent.

Contact local Council authority for disposal according to local regulations.

Perfect Nails ViViGel Coloured Gel SDS
Page 3 of 6 Issued May 2013

Section 7 - Handling and Storage

Precautions for safe handling:

Avoid contact with skin and eyes. Protect from heat and direct sunlight and keep caps of containers tightly closed.

Conditions for safe storage:

Store in a cool, well ventilated place, out of reach of children. Store in original container. Keep container tightly closed out of direct sunlight in a cool place. Keep away from naked flames and other sources of ignition. Protect from physical damage. Clean up all spills and splashes promptly; avoid secondary accidents.

Incompatibles:

Sources of ignition, heat, sunlight.

Section 8 - Exposure Control and Personal Protection

National Exposure Standards:

None assigned.

Engineering Controls:

Use only flame proof equipment and non-sparking tools. Ensure adequate ventilation (same as outdoors) when using.

Personal Protective Equipment:

Avoid contact with skin and eyes. Personal protection should take the form of safety eye wear and the use of gloves.

Section 9 - Physical and Chemical Properties

Appearance: Viscous coloured liquid
Odour: Slight acrylate odour
pH: No data.
Vapour Pressure: No data
Vapour Density: No data
Boiling Point: No data
Melting Point: No data.
Viscosity: No data
Volatiles: Negligible
Solubilities: Negligible
Specific Gravity/Density: No data
Flash Point: > 93 degrees C
Flammable Limits: No data
Dust Explosion: Not applicable.
Auto-ignition Temperature: No data

Page 4 of 6 Issued May 2013

Section 10 - Stability and Reactivity

Chemical Stability: Stable under normal conditions. Unstable upon depletion of inhibitor and/or heat

Conditions to Avoid: Incompatible materials, heat, light, exhaustion of inhibitors.

Incompatible Materials: Oxidising agents, reducing agents, free radical initiators

Hazardous Decomposition Products: Oxides of carbon when burned.

Hazardous Reactions: May polymerise violently on contact with incompatible materials, or on exposure to heat or light (including UV light).

Section 11 - Toxicological Information

Health Effects: No data available for the mixture. Information below relates to individual components of the mixture

Acute

Swallowed: May cause nausea, headache, vomiting and/ or diarrhoea

Skin: May cause skin irritation, redness and/or swelling

Eyes: Liquid and concentrated vapours may cause irritation of the eyes. Contact with the liquid may cause irritation and possible corneal damage.

Inhaled: May cause respiratory tract irritation especially if used at elevated temperatures.

Chronic: Repeated or prolonged skin contact may cause allergic skin rashes, itching and swelling which becomes evident on re-exposure to this product.

Section 12 - Ecological Information

Ecotoxicity: This is no specific data, but release of the product may be harmful to aquatic organisms.

Persistence and degradability: No data.

Mobility: No data.

Environmental Fate: No data.

Bioaccumulative potential: No data.

Other adverse environmental effects: No data.

Perfect Nails ViViGel Coloured Gel SDS
Page 5 of 6 Issued May 2013

Section 13—Disposal considerations

Small Spills and empty containers: Wrap in paper and dispose with regular waste.

Large spills: Absorb with a suitable adsorbent and contain in plastic or metal container. Contact local council or a commercial waster disposal service for disposal method.

NOT suitable for disposal into drainage. Potentially toxic to marine organisms.

Section 14 - Transport Information

UN Number: Not regulated

UN Proper shipping name: Not regulated

Class and subsidiary risk: Not regulated

Packaging group: Not regulated

Special precautions for user: Keep away from naked flames and other sources of ignition. Protect from heat and direct sunlight.

HAZCHEM Code: Not regulated

Material for export: Refer to **IMDG** and **IATA/ICAO**.

Section 15 - Regulatory Information

Poisons (SUSMP): Not regulated

Dangerous Goods: Not regulated

Carcinogen:	Australia	IARC	NTP	RTECS
	No.	No.	No.	No.

Agricultural and Veterinary Chemicals Act: Not applicable.

Australian Inventory of Chemical Substances (AICS): Listed.

Section 16 - Other Information

Date of SDS preparation: May 2013

Abbreviations:

NOHSC - National Occupational Health and Safety Commission.

ACGIH - American Conference of Governmental Industrial Hygienists.

MAK - Maximum workplace concentration - Germany,
(*maximale Arbeitsplatzkonzentration*)

IARC - International Agency for Research on Cancer (France).

NPT - National Toxicology Program (USA).

RTECS - Registry of Toxic Effects of Chemical Substances.

HSE - Health and Safety Executive (United Kingdom).
